Mr. Shanehsaz stated that he attended the Physician Assistant Advisory Committee meeting. They are currently discussing a change in language referencing the term supervisory to the term collaborative.

INSPECTION REPORT - Michelle McCreary

Ms. McCreary reported the following inspection activities

3 – Researcher Change of Ownership Controlled Substances Registration Inspections

3 – Change of Ownership Pharmacy Inspections

1 – Wholesale Distributor Inspection

Ms. McCreary stated she has been receiving inquiries regarding the designation of "Immunizing Pharmacist" on the pharmacist licensure certificate. Pharmacists have stated that they are an immunizing pharmacist but their certificate does not state it. Ms. Mast stated that if their license certificate does not reflect "Immunizing Pharmacist" on the license certificate the pharmacist is not recognized as such. In order to add this designation the pharmacist should send the certificate of completion of the immunization course completed as well as a current copy of their current hands on CPR certification. Once this is received the designation of "Immunizing Pharmacist" will be added to the license certificate. Duplicate copies of license certificates can be obtained by including the \$25 duplicate license fee with the request. In addition, once this designation is received the pharmacist must complete 2 continuing education credits in immunization per bi-annual renewal cycle. Verification of this status can be obtained by visiting the Division of Professional Regulations website at: <https://dpronline.delaware.gov/mylicense%20weblookup/Search.aspx>.

PMP REPORT – Jason Slavoski

Mr. Slavoski stated that the migration to new PMP Aware with NarcsCare is the 1st in the country to launch and is underway effective November 7, 2017. Approximately 8500 users, there was a loss of 800 users due to duplicate email addresses; a unique email address is required for each user of the PMP. The 2 week data delay has been resolved as of this date.

Ms. Patel asked if pharmacists are required to register for the PMP? Mr. Mangler stated there is no mandatory requirement for a pharmacist to register. Mr. Slavoski stated that mandatory registration is required for all controlled substance registration holders.

Mr. Shanehsaz requested that statistics on users and query information be provided going forward. This will enable the Board to get a real perception of PMP utilization going forward. He stated that the interface is much more user friendly.

Mr. Slavoski stated that a quarterly prescriber score card will be provided in the near future so that prescribers can see their prescribing habits compared to other practitioners within their specialty.

Mr. Mangler reported that Board members will be receiving a pay increase from \$50 per board meeting attended to \$100 per board meeting attended with a maximum of \$1500 annually. The Drug Control Administrator/Executive Secretary of the Board Pharmacy position posted. After closing there were 9 applications, with 3 not meeting the qualifications. The 6 applicants meeting the qualifications will be scheduled for interviews in the next few weeks.
